Subject: No use of Hormones in products manufactured by DFE Pharma

Dear Customer,

DFE Pharma (legal name: DMV- Fonterra Excipients GmbH & Co. KG) is a global excipient supplier with production sites located in Europe, New Zealand and India.

We, DFE Pharma, herewith declare that:

The milk used for the production of our Pharmaceutical Grade Lactose is sourced from healthy animals under the same conditions as milk collected for human consumption.
The sourcing and processing of the milk is constantly, officially supervised by public authorities.

DFE Pharma confirms that no hormones are used in the production process of our Pharmaceutical Grade Lactose, Superdisintegrants, Starches and Microcrystalline Celluloses.
This includes the non-use of any amount of Estrogens (including Estron, Estradiol, Estriol) Progesterone and Testosterone.

We trust that by this document, which is made up to the best of our knowledge, we have informed you sufficiently. In case of any question please don't hesitate to contact your sales representative.

Yours truly,

Yvonne Sax
